New and Relevant Issues to be discussed

Colleague

- Changes to Priority Registration for Spring 2015

    - Student who fall into open registration will be prioritized and assigned a date/time the first 2-3 days of open reg; DIT recommends prioritizing by application term (most current first) and then by application date (oldest date first) which in essence provides priority for our newest applicants; this information should be communicated through CCCApply and emails which talk about open reg as well as the web page which reviews the "rules" for priority registration

    - Athletes (matriculated and eligible to participate) – how will these be identified? DIT to review

    - First Year Experience (FYE-CC) and Freshman Academy (FA-GC) for a full year; how will these be identified? DIT to review

- Non-resident/International Tuition – now $193/unit; non-resident High School and Middle College High School students are now charged this rate.

- Working on agreement with Ellucian to assist with updating software (releases from April 2013 through August 2014)

- MIS reporting for Summer will include new Student Success elements (housed in SARS)

- Sheri Willis / Eric Lane

Workday Deployment

- Workday selected for new Human Resources, Payroll and Financial systems
