

GROSSMONT-CUYAMACA
COMMUNITY COLLEGE DISTRICT

Administrative Technology Advisory Committee

Meeting Agenda

September 19, 2019 10:00 – 11:00am

Attendees: Chris Tarman, Michael Carr, Kerry Kilber-Rebman, Mike Reese, Rhonda Bauerlein, Greg Vega, Vanessa Saenz, Jessica McKean, Janet Gelb, Laura Murphey, Eric Lane, Asma AbuShadi, Brianna Cuellar

I. TAC Charge and Composition

The group was presented a proposed Charge and Composition as well as Membership for what would be a joint Committee to be formed, Technology Advisory Committee. After much discussion, the committee recommended the addition of Managers from Student Services/Counseling to the membership instead as resources.

II. Student Email

- a. Review where we are and why: current process is Colleague knows about students enrolled in this term. Feed into network serves that create AD and email account – access to local resources and email. End of term all accounts deleted – only those enrolled in the term get accounts. Moving to desire of having a continual account for students—does that mean we want them having access to resources if not enrolled in current term. Email is currently directly coupled with AD account.
- b. Would like to create workgroup around policies and procedures on this issue.
 - i. Student Email Workgroup
 - ii. Need timeline.

III. Additional Items
