

GROSSMONT-CUYAMACA  
COMMUNITY COLLEGE DISTRICT

VICE CHANCELLOR-BUSINESS SERVICES

**MEMORANDUM**

**TO:** Districtwide Strategic Planning & Budget Council  
**FROM:** Sue Rearic  
**DATE:** October 11, 2010  
**SUBJECT:** 2010/11 Adoption Budget Income Allocation Formula Criteria and Strategy

The Formula

The District’s Income Allocation Model includes critical criteria in order for the Declining Economy of Scale (EOS) Formula to advance, thereby reducing the EOS. For 2010/11 Adoption Budget, the following are the criteria for reduction of the EOS and the status:

<u>Criteria</u>	<u>Status</u>
<b>All four criteria must be met</b>	
<b>2% COLA</b>	<b>Not met</b> The State budget includes zero COLA
<b>2% Growth</b>	<b>Not met</b> Even though the State proposed budget includes 2.21% Growth, Growth is not included in the Adoption Budget
<b>Adequate Growth dollars in Cuyamaca</b> to earn more additional Growth-related income than the year’s reduction related to the Economy of Scale factor	<b>Not applicable</b> Overall FTES split will not change
<b>Minimum 1% FTES growth at Grossmont</b>	<b>Not applicable</b> Overall FTES split will not change

Outline of Strategy for 2010/11 Adoption Budget:

- FTES goals were based on the State 2009/10 CAP at Tentative Budget as recommended by the FTES Task Force.
- Hold FTES split same as 2009/10.
- Estimate a 4% deficit factor based on the fiscal uncertainty of the State budget.
- Maintain the prior-year level Declining Economy of Scale factor.
