The Grossmont-Cuyamaca Community College District (District) procedures will ensure that a cumulative record of enrollment, scholarship, and educational progress shall be kept for each student. In accordance with federal and state laws, the Chancellor shall implement procedures to maintain the privacy of student records.

The Chancellor shall also implement security measures for student records that ensure no person may obtain access to student records, including student grade records without proper authorization. These measures shall be installed as part of any computerized grade data storage system.

Release of Student Records: Student records shall be released pursuant to a student's written consent. No District representative (*instructor, official, employee, or Governing Board member*) shall release the contents *or shall authorize access* of a student's record to any member of the public without the prior written consent of the student, other than directory information as defined in this *procedure*; and information sought pursuant to a *federal judicial court order*, or lawfully issued subpoena, or as otherwise authorized by applicable federal and state laws.

Student records shall be released pursuant to a federal judicial order that has been issued regarding an investigation or prosecution of an offense concerning an investigation or prosecution of terrorism.

Student records may be released to officials and employees of the District only when they have a legitimate educational interest to inspect the record. Student records may be released to authorized representatives of the Comptroller General of the United States, the Secretary of Education, an administrative head of an education agency, state education officials, or their respective designees or the United States Office of Civil Rights, where that information is necessary to audit or evaluate a state or federally supported educational program or pursuant to federal or state law. Exceptions are that when the collection of personally identifiable information is specifically authorized by federal law, any data collected by those officials shall be protected in a manner that will not permit the personal identification of students or their parents

by other than those officials, and any personally identifiable data shall be destroyed when no longer needed for that audit, evaluation, and enforcement of federal legal requirements. Student records may be released to officials of other public or private schools or school systems, including local, county or state correctional facilities where education programs are provided, where the student seeks or intends to enroll or is directed to enroll. The release is subject to the conditions in Education Code Section 76225.

Student records may be released to agencies or organizations in connection with a student's application for, or receipt of, financial aid, provided that information permitting the personal identification of those students may be disclosed only as may be necessary for those purposes as to financial aid, to determine the amount of the financial aid, or conditions that will be imposed regarding financial aid, or to enforce the terms or conditions of financial aid.

Student records may be released to organizations conducting studies for, or on behalf of, accrediting organizations, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering financial aid programs, and improving instruction, if those studies are conducted in such a manner as will not permit the personal identification of students or their parents by persons other than representatives of those organizations and the information will be destroyed when no longer needed for the purpose for which it is conducted.

Student records may be released to appropriate persons in connection with an emergency if the knowledge of that information is necessary to protect the health or safety of a student or other persons, subject to applicable federal or state law.

The following information shall be released to the federal military for the purposes of federal military recruitment: student names, addresses, telephone listings, dates and places of birth, levels of education, degrees received, prior military experience, and/or the most recent previous educational institutions enrolled in by the students.
