

Technology Planning & Resources Committee (TPR)**Charge**

Recommends vision, strategy, prioritization and direction for the adoption and implementation of new and emerging technologies. The committee provides recommendations and updates to the District Strategic Planning & Budget Council (DSP&BC) concerning strategic policies and direction for enterprise systems and technology. The committee also provides the following:

- Recommendations for Information Systems Department regarding operational priorities and system enhancements
- Recommendations for policies and priorities related to the selection, implementation, and operation of enterprise systems and technology
- Oversee development of the Information Technology Plan for enterprise systems, administrative, and instructional technology districtwide
- Communications on enterprise systems and technology status reporting to stakeholder groups and existing councils and committees
- Coordination of task groups (specific project implementation groups may be established as needed)
- Recommendations for allocation of Information Systems Department resources to specific projects.
- Provide quarterly updates to DSP&BC
- Coordinate technology improvements at each site for consistency of services to students and employees
