Sustainability Committee Workgroup

Charge

The Sustainability Committee Workgroup serves in an advisory capacity to the District Strategic Planning & Budget Council Chancellor's Extended Cabinet on development of a energy conservation and Ssustainability issues Plan, including and Board Policies and Administrative Procedures that support the District's SSustainability Commitment Plan to reduce, which includes energy use reduction and conservatione of natural resources.

The Sustainability Work Group was appointed by the Chancellor's Extended Cabinet in December 2015 and charged with developing:

- Sustainability Implementation Plan
- Communication strategy and talking points
- Board Policy and Administrative Procedure for Energy Conservation
- Technical glossary (behavioral goals)
- Discussions on sustainability progress and make recommendations as appropriate
- Consider energy use reports

The Workgroup was converted to a committee in November 2016.
