

GROSSMONT-CUYAMACA COMMUNITY COLLEGE DISTRICT

CRITICAL HIRE/UNEXPECTED VACANCY

June 19, 2012

Site	Position	Rationale
GC	Child Development Coordinator S-1	<ul style="list-style-type: none">• The Child Development Coordinator will serve as the Department of Social Services (DSS) Title 22 Licensing mandated child care center director responsible for the oversight of CSEA classified staff, management of grants and budget including Dept of Education requirements. The center serves as both a child care and an instructional laboratory• The position is required to meet Legal Mandates, accreditation and to provide a critical threshold of educational support and supervision: Both Title 22 and 5 require a director. The center is licensed by DSS under the Health and Safety code and maintenance of regulations for a safe environment for children require a center director.• The position is currently staffed by a full reassigned time faculty from the Child Development Department. The department has/is losing four full time members and will go from 7 to 3. They need the instructor back in the classroom.• This is a reorganization, but the funding for the position is within our current budget. This will allow us to meet our faculty staffing ratios by moving a faculty member back into the classroom and hire a fulltime coordinator.
