Tragic Incident on the Grossmont College Running Track

Dear Colleagues,

It is my sad duty to inform you that a Grossmont College campus visitor passed away today due to what appears to have been natural causes. The individual, whose identity has not been released, appears to have collapsed while exercising on the campus running track. The individual was found unresponsive by a campus employee about 10:35 a.m. The employee called 911. Authorities responded and pronounced the individual deceased. The Medical Examiner's office has also responded. There is no sign of suspicious activity.

Our hearts go out to the family of the deceased individual. We are thinking of them at this time, and offer our deepest sympathies. All sports team activities planned for the campus track and field are cancelled for today.

The Employee Assistance Program is available to any employees seeking support.

Sincerely,

Lynn

Lynn Ceresino Neault, Ed.D.
Chancellor, Grossmont-Cuyamaca Community College District
