

A Time to be Thankful  
November 17, 2023

Dear Colleagues,

Thanksgiving is a time to pause and remember that we have so much to be thankful for. With all the unrest in our world, this Thanksgiving is particularly significant for me. I am reminded to not take our freedoms and prosperity for granted.

As I reflect on how much we have to be grateful for at the Grossmont-Cuyamaca Community College District, I am reminded of our Governing Board members who are committed to guiding our District to be the best it can be; our faculty, classified professionals and administrators who care deeply about the success and well-being of our students; our East County community that strongly supports our colleges; and most importantly, our amazing, resilient students who are here to better themselves and fulfill their dreams. I am thankful that they chose Grossmont and Cuyamaca colleges to learn, to grow and to realize their full potential.

As we spend time with family and friends this Thanksgiving, we can be thankful that we are doing important work that will transform lives for generations to come.

Best wishes for a wonderful Thanksgiving holiday!

With gratitude,

***Lynn***
