As part of the District's commitment to diversity, equity and inclusion, the DS-DEI Committee invites all District Services staff to attend this workshop.

The workshop will be conducted by Victoria Hankins, Instructor at Cuyamaca College.

The purpose of the workshop is to recognize for the first time in American history we have four generations working side by side in the workplace. This cross-generational diversity has provided great opportunities and equally great challenges. These challenges can affect time management, conflict resolution strategies, and overall productivity. How do managers and staff foster a good working relationship between generations?

The DS-DEI Committee encourages all District Services staff to participate in one of the two workshops. Sue Rearic has asked all DS managers to encourage their employees to attend.
