

# Employee Spotlight

Working at GCCCD we don't often realize that we get to work with people from all walks of life. We make up the cultural salad of GCCCD, each bringing a unique piece of insight to the bowl.

Below are idea suggestions. Share a little or as much as you like about your customs, culture, and background to let us know about YOU!!

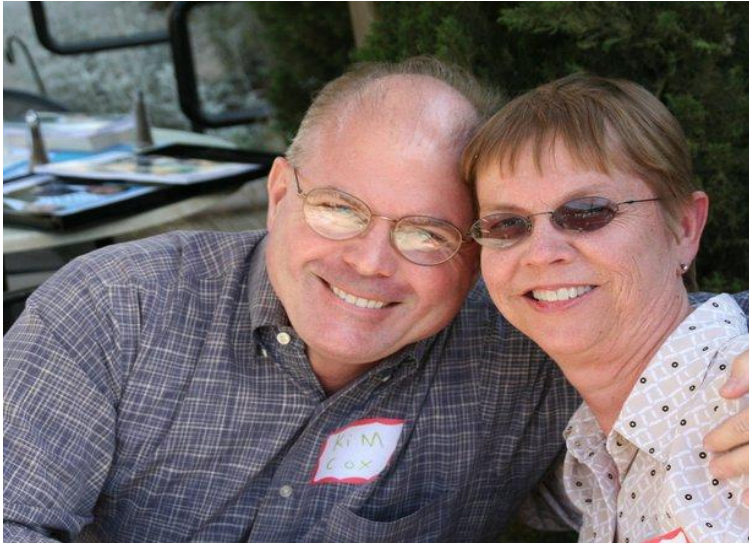

Have fun and support learning!

**Name:** Anne Krueger

**Dept:** Advancement and Communications

**About this picture:**

That's me and my husband, Kim Cox.

## Where I come from:

I never knew much about my background until my husband's uncle, who likes doing genealogy, researched my family. On my father's side, my relatives were from Prussia and Germany. They came to upstate New York sometime in the 1800s. My mother's family is from Scotland and emigrated to Canada, where my grandmother was born. She also moved to upstate New York. My parents met in upstate New York, and I was born in Buffalo, N.Y. My family moved to Richmond, VA when I was four months old.

## Interesting facts about my heritage, culture (s), family, me:

The original Kruegers in Germany were innkeepers, so the Krueger family crest is three beer steins. In the German language, my name would be spelled Kruger with an umlaut (two dots) above the u. Adding the E was the way to make sure the name was pronounced correctly in English. And no, I am not related to Freddy Krueger, the monster on Nightmare on Elm Street.

## What I would like you to know:

I grew up on the East Coast and I had never been west of Virginia until I moved to California in 1983. I live in Mt. Helix with my husband and two chickens. My daughter just got back from 18 months in Australia and is staying with us for now. I love working at GCCCD!
