

### **Workday Implementation Project**

The new *Workday* implementation project logo was introduced in the October *Workday News*. Watch for posters displayed around the sites.

The Workday software implementation will transition all of our Human Resources, Payroll and Financial processes into one integrated solution. This project has seen significant progress this past month with training, discovery and some design sessions. Please join us at one of the open houses in December to learn more (12/10/Cuyamaca; or 12/11 District Services; or 12/11 Grossmont).

### **Welcome to District Services**

Nicole Conklin is the new Director of Campus and Parking Services (CAPS). She has over 15 years of experience in parking services and facilities management, most recently at Binghamton University in Binghamton, New York. Nicole joined the CAPS department on November 3.

Randall Clark will serve as the Interim Director-Facilities Planning, Development & Maintenance and began his interim position on November 10. He has over 15 years of large-scale project management and facilities planning experience, including strategic facility planning and day-to-day facility management for Mitsubishi Motors North America and EDF Renewable Energy. Randy also served for 20 years in the U.S. Air Force and U.S. Army as a small unit commander, a staff officer, and in Research & Development.

Laurie Lovell joined District Services at the end of October as the new Administrative Secretary, Sr., Advancement & Communications. She will provide administrative support to the Associate Vice Chancellor-Advancement & Communications office, as well as the District Auxiliary and Foundation for Grossmont and Cuyamaca Colleges.

Please welcome our newest staff members whenever you have a chance.

**Campus and Parking Services (CAPS)Team**

A new look for our CAPS team – improved, easy to recognize uniforms.

Watch for more improvements soon as our new director, Nicole Conklin, gets to know the campuses and our service needs.

**District Services Halloween Event**

District Services had a ghoulishly good time at their October 31 Halloween brunch. District Services staff stirred up cauldrons of delicious brunch fare and goodies.

Do you recognize anyone?

**Sue Rearic**  
*Vice Chancellor-Business Services*
