Horticulture Workshops and Yards								
		Acceptable			Details/Comments	If "No," Abatement		
		Yes	No	N/A		Who	When	Completed
Housekeeping								
a.	Are tools and equipment properly stored?							
b.	Are shop and yard areas clear and free of trip/slip hazards? Is obsolete material regularly removed to prevent excess accumulation?							
Tools and Equipment								
c.	Are tools and equipment in good condition, do they receive regularly documented inspections and are they inspected each day before use?							
d.	Are guards in place to protect points of operation, belts and pulleys and nip points?							
e.	Are agricultural vehicles, such as tractors, inspected and maintained on a scheduled basis and are inspections and maintenance documented?							
Chemicals								
f.	Are chemicals, including pesticides and herbicides, properly stored and organized according to recognized acceptable storage patterns; are incompatible chemicals segregated?							
g.	Are floors clear and free of trip/slip hazards, is obsolete material regularly removed to prevent excess accumulation, and is workshop housekeeping adequate?							
h.	Are chemicals labeled with their complete name and date they were first received and opened?
