<p>1. Bike Fix it station unveiling</p>	<p>Nicole updated everyone on the bike Fix It stations which were ordered after support from last month's meeting. The stations are set to install via work order. Tabling events have been scheduled with iCommute and the San Diego Bike Coalition which will include a free bike tune up for all who stop by as well as safety tips, pathway maps and other advice for cyclists. The events will be set</p>
---	--

	up next to the new fix it stations so riders can test them out. Events are scheduled for November 6 <sup>th</sup> at Grossmont College and November 9 <sup>th</sup> at Cuyamaca College from 10-1pm.
2. The Great California Shakeout Participation	The campus will participate in the Great California Shakeout again this year. The intent is to prepare people for an earthquake as well as test our communications systems annually. This year we will also include an outdoor PA system test at Grossmont college. Surrounding neighbors have been notified. Nicole asked other members to encourage participation from their perspective departments.
3. Blue Light Phone Cameras Discussion	Nicole noted that she has only received one quote for the blue light phone upgrades. It seems to run in the \$300,000-400,000 range. This is significantly more than anticipated and it may need to be done in smaller phases.
4. Daily Parking Permit Prices	Nicole discussed the parking permit prices as compared to other schools. Questions arose regarding the ROI on the parking permit machines. Overall consensus was to raise the permit price to assist with paying for road maintenance however Nicole is going to bring more requested data to the next meeting.
5. Toasters/Toaster Oven Fire Alarm Calls Student	Tabled until review by Sustainability Committee.
6. Smoking Citation Updates	Tabled
Additions to the Agenda: Speed Bumps at Cuyamaca	Sergeant Munzenmaier brought up a concern from several constituents regarding safety and speeding cars near the one-stop at Cuyamaca. It was decided that safety is a great concern in this area and we should install some speed bumps to help slow traffic. Sahar and Bruce will take this to Presidents Cabinet and Facilities Committee at Cuyamaca.
