

## **GROSSMONT-CUYAMACA**

Community College District

## GCCCD Vision, Mission and Value Statement

Vision: Transforming lives through learning.

**Mission**: Provide outstanding learning opportunities that prepare students to meet community needs and future challenges of a complex, global society.

Value Statement: Cultivate a student-centered culture of excellence, trust, stewardship, and service.

## Public Safety and Emergency Preparedness Council

## July 11, 2018, Meeting Minutes 10:30am- Noon @ Cuyamaca Building I, Room 104

Chair: Nicole Conklin, Director of Public Safety	Х	Academic Senate Rep – CC: Kim Dudzik	Х
Associate Dean of Student Affairs- CC: Lauren Vaknin	Х	Academic Senate Rep- GC: Tate Hurvitz	
Associate Dean of Student Affairs- GC: Sara Varghese		Classified Senate Representative: Elaine Adlam	
GCCCD/ Sheriff's Office Sergeant: Erik Munzenmaier	Х	Director-Facilities Planning, Dev. & Maintenance: Ken Emmons	
GCCCD/Sheriff's Office Deputy: Deputy on Duty at Site		Director-Campus Facilities – CC: Bruce Farnham	
CAPS Specialist on duty at site	Х	Extended Cabinet Rep: Lorenze Legaspi	
Cuyamaca EPC Representative Chair or Co- Chair: Sahar Abushaban		Director-Campus Facilities – GC: Loren Holmquist	Х
Grossmont EPC Representative Chair or Co- Chair: Jeff Lehman		Director-Communications and Public Information: Anne Krueger	X
District Services Representative At Large: Ron Adams	Х	Recorder: Gaby Garcia	
Student Rep CC: Angelina Campos		Student Rep GC: TBD	
Guests: Sue Rearic	Х		

1. Security Monitoring Proposals Update	Nicole reported on the emergency call box installation and
	replacement, including costs,
	features, and timeline. DSC is
	reviewing the use of one time
	funds to cover the cost of the
	security upgrades. A discussion
	followed regarding the related
	camera procedure and next steps
	for implementing it as a usable
	document. The procedure will first
	be sent to the Chancellors Cabinet
	for review and then the legal
	department for recommendations.
	Nicole will obtain a copy of local
	college camera procedures for
	reference and comparison.

2. Classroom Door Locks- Update on Plan	Sup ovaloined that the electrony
	Sue explained that the classroom
	door locks are still moving forward
	in a phased approach. To date the
	number of classroom doors
	covered in each proposition has
	been identified so that they may
	be systematically replaced and to
	ensure that efforts are not
	duplicated.
3. MOU with County for PODS	There was overwhelming support
	to assist the County with their
	medical POD placement needs.
	The council inquired to disruption
	of services or classes which should
	be little to no impact. The
	-
	Grossmont and Cuyamaca EPC
	committees have both endorsed
	moving forward with the MOU
	agreement. Nicole will reach out
	to the county representative to
	clarify questions that were asked
	and then send the
	recommendations forward.
	Update 7/16/18- Nicole reached
	out and received a quick response
	to the following questions:
	1. Would you
	expect campus
	staff to assist in
	the POD?
	Yes, we would expect
	campus staff to
	operate the POD. We
	will be offering
	training to ensure
	your designated staff
	are able to do so.
	2. What if someone
	comes in sick?
	Won't they
	spread it to
	others on
	campus?
	As long as your staff
	and students take the
	medical
	countermeasures,
	they should be
L	

all diseases that might be used in a biological attack are spread person-to- person. For example, anthrax is not contagious.         3. How many other person. For example, anthrax is not contagious.         3. How many other person. For example, anthrax is not contagious.         3. How many other person. For example, anthraw is not contagious.         3. How many other person. For example, anthraw is not contagious.         3. How many other person. For example, and there in East County?         We have a handful of other obsed POD site. Every closed POD takes some of the pressure off of the open PODs in an area, and 1 think Grossmont College and Cuyamaca College would significantly reduce the burden on our open POD in East County.         4. CPTED Review and Updates       Nicole reviewed the Crime Prevention Through Environmental Design (CPTED) Reports with the council. Each campus gets an annual report with recommendations to assist with crime prevention. There was kudos for the facilities and maintenance teams for tending to last year's recommendations so quickly. The new recommendations are on par with current planning efforts.         5. SDSO Sheriff's Proposal       The 5 year service contract for the Sheriff's department was sent over for renewal. There was strong support from the Council to continue the contract given the strong rapport the deputies have built with the campus community. After an initial shaky start the	Γ	
4. CPTED Review and Updates       Nicole reviewed the Crime Prevention Through Environmental Design (CPTED) Reports with the council. Each commendations so quickly. The new recommendations are on par with current planning efforts.         5. department has made strides to		built with the campus community.

	immerse themselves into the campus culture. Many compliments came from council members which were extended from students and staff.
6. Possible Solar on Parking Lots	Sue discussed a potential new program to add solar panels over the parking lots. The program would reduce energy costs, provide shading to vehicles and pedestrians, increase lighting in the parking areas and allow for EV charging in the lots. While it is still in beginning stages, Sue would like to gauge interest and support for the project. The council was extremely receptive to this idea and mentioned how great the panels are at other locations around San Diego. We will continue to move forward with the research and proposal phase.
