**Charge:**

Provides vision, strategy, policy and planning recommendations for the adoption, implementation and maintenance of technologies with an equity-minded focus. Serves in an advisory capacity to the District Executive Council. The council also provides the following:

- Development and monitoring of the districtwide Information Technology Plan for enterprise systems, administrative computing, and instructional technology
- Communication on the status of the Technology Plan and strategic priorities to stakeholder groups and existing councils and committees
- Communication and guidance to the Technology Operations Committee (TOC) regarding districtwide technology projects and priorities
- Communication and guidance to the College Technology Committees regarding technology initiatives
- Quarterly updates to the District Executive Council
