

Web communications committee

Nov. 15, 2019

Present:

Anne Krueger, chair

Frank Moore

Rhonda Bauerlein

Gabe Neri

Michael Carr

Christianne Penunuri

Janet Gelb

Rocky Rose

Dawn Heuft

Lorena Ruggero

Eric Klein

Deanna Thompson

The committee discussed the steps ahead as Civilian wraps up its work on the website redesign.

Committee members said the website still appears to have accessibility issues, and templates are missing for the faculty pages. An accordion component has also not been received, and the calendar is not working yet.

A spreadsheet listing requested fixes on the website shows 79 items on the post-handoff log. Content will also need to be added on the calendar pages.

Rhonda, Deanna and Rocky expressed concerns about the directory structure. A task force that also includes Dawn and Gabe was formed to discuss navigation on the website.

Gabe will send a list of current Cascade users to the group.

Anne will contact Civilian to determine the status of items on the spreadsheet and to relay concerns from the group.

Next meeting: December 5, 10 a.m. by Zoom.

Meeting follow-up: An email from Kate Armbruster at Civilian noted that remaining items in the Dev Log tab of the spreadsheet are still in progress. She will send an update later on timing for completion of those items.
