1. Accessibility statement webpage – connect to footer? Debbi Smith
2. EU GDPR – EU privacy rules Debbi Smith

Does anyone object to adding this statement to all of our website Formstack forms to (hopefully) be compliant for ‘use of meaningful consent’? Please edit as you wish. ‘By clicking Submit you consent to use of this data to process your request. This information will be kept as long as necessary for auditing/legal/statistical purposes.’

Do we need a privacy statement on a webpage? Is the state providing any direction on this? Good example, but it’s for the UK:
